Student Nutrition and Physical Activity (School Wellness Policy)

Student wellness, including good nutrition and physical activity, shall be promoted in the district's educational program, school activities, and meal programs. This policy shall be interpreted consistently with Section 204 of the Child Nutrition and WIC Reauthorization Act of 2004 (Public Law 108-265).

Goals for Nutrition Education

The goals for addressing nutrition education include the following:

- Schools will support and promote good nutrition for students consistent with applicable federal and state requirements and guidelines.
- Schools will foster the positive relationship between good nutrition, physical activity, and the capacity of students to develop and learn.
- Nutrition education will be part of the District's comprehensive school health education curriculum and will be integrated into other classroom content areas, as appropriate.

Goals for Physical Activity

The goals for addressing physical activity include the following:

- Schools will support and promote an active lifestyle for students.
- Physical education will be taught in all grades and shall include a standards-based, developmentally planned and sequential curriculum that fosters the development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle.
- Unless otherwise exempted, all students will be required to engage in the District's physical education program.
- *All students enrolled in elementary school shall have included in the regular school day, time devoted to physical exercise, of not less than twenty minutes in total, except that this requirement may be altered by a Planning and Placement Team (PPT) for a child requiring special education and related services according to state and federal law, as may be amended from time to time.*
- *School employees shall not deny a student's participation in the entire time devoted to physical exercise in the regular school day as a form of discipline or punishment, nor should they cancel it for instructional makeup time. No student shall be required to engage in physical activity as a form of discipline.*

Nutrition Guidelines for Foods Available in Schools (continued)

Nutrition Guidelines for Foods Available in Schools

Students will be offered and schools will promote nutritious food choices consistent with the current Dietary Guidelines for Americans and My Pyramid, published jointly by the U.S. Department of Health and Human Services and the Department of Agriculture, and guidelines promulgated by the Connecticut Department of Education in addition to federal and state statutes. In addition, in order to promote student health and reduce childhood obesity, the Superintendent or designee shall establish such administrative procedures to control food and beverage sales that compete with the District's nonprofit food service in compliance with the Child Nutrition Act. The District shall prohibit the sale of foods of minimal nutritional value as defined by the U.S. Department of Agriculture and will ensure that all foods sold to students separately from school meals meet the Connecticut Nutrition Standards. All beverages sold or served to students on school premises will be healthy choices that meet the requirements of state statute.

All sources of food sales to students at school must comply with the Connecticut Nutrition Standards including, but not limited to, cafeteria a la carte sales, vending machines, school stores and fundraisers. The District shall ensure that all beverages sold to students comply with the requirements of state statute. The District shall ensure compliance with allowable time frames for the sale of competitive foods as specified by state law.

Reimbursable School Meals

Reimbursable school meals served shall meet, at a minimum, the nutrition requirements and regulations for the National School Lunch Program and/or School Breakfast Program.

Monitoring

The Superintendent or designee shall provide periodic implementation data and/or reports to the Board concerning this policy's implementation sufficient to allow the Board to monitor and adjust the policy.
